

The No.1 Solution to Wobbly & Misaligned Tables

The Comparison? There isn't any.

FLAT®

- Instant stabilisation (SMART SYSTEM)
- Unique capability of levelling and alignment of tabletops
- Worldwide patented technology

FLAT® Technology, a Firm Footing for Nearly Everything

FLAT® is a multi award winning levelling and stabilising technology. Delivering functionality and **cost savings** never seen before in the hospitality industry.

FLAT® is **always on**, our table bases remain **stable** no matter where they are placed. **Automatically** they adjust to the surface below then **lock** firmly into position no matter how many times the tables are moved.

FLAT® also delivers a **“World’s First”** with its unique ability to allow the user to **align** multiple tabletops together, **eliminating** the troublesome ridge **forever!**

FLAT® technology comprises two elements, the PAD (Patented Actuator Device) and the PUK (Patented Undercarriage Key) for a seamless engineered solution.

Feature	Benefit
INSTANT STABILISATION	Stabilises the table in a fraction of a second, automatically.
LEVELLING & ADJUSTMENT	Unique FLAT® technology means that, for the first time ever, the alignment of the tabletop can be adjusted to suit different surfaces, simply by lifting the table.
FLAT® SMART SYSTEM	It's always 'on', constantly aware of the surface below and adapting instantly to changes.
DESIGN INTEGRATION	The table base and technology form a seamless partnership. They have been designed and manufactured for simple integration into table production.
ENGINEERED DURABILITY	FLAT is made with high quality polymers and has undergone extensive R&D and exhaustive testing. The result: an exceptional quality product that you can depend on.
'4 x 4'	Outperforms traditional (usually mechanical) methods of stabilising tables. It's capable of adapting to a far greater variety of surface inconsistencies and delivers superior stability – whatever the terrain.

AUTO-ADJUST ST22 (EP)

Top Plate

Superior quality top plate.

Rod

Thicker structural tension rod to hold base together securely.

Post (2.56in/65mm)

Wider diameter for structural support. Increased wall thickness.

Aluminium Base

High quality casting protected with our specially formulated EP (Extra Protection) coating to protect against extreme weathering.

FLAT® Technology Seamlessly Installed

The base and the technology are designed in unison to deliver superior performance and longevity.

PAD

Height:	720mm/28.35in
Base Span:	560mm/22in
Base Spread:	105mm/4.2in
Weight:	6.4Kg/14.2lb (8.6Kg/19lb inc optional weights)
Top Plate Size:	345mm/14in
Material/Finish:	Aluminum/EP Grey or Black powder coat or Polished
Max Tabletop Size*	900mm x 1400mm / 36in x 55in (rectangular)
Max Tabletop Weight*	17Kg/37.5lb

- Available in Grey (EP), Black or Polished finish

Ask your dealer about alternative configurations.

* Warning: Exceeding maximum recommended tabletop size and weight will reduce functionality and performance of the technology.
