

BASES LOADED

*Innovation. Technology.
Stability. Alignment. It's
what we bring to the table.*

Multi-award-winning FLAT® AUTO-ADJUST Table Bases are always on, always working, and always stable—regardless of the situation. Our revolutionary base technology automatically adjusts to the surface below then locks into place. This “World’s First” patented technology also allows the user to align multiple tabletops together, eliminating problematic table ridges for good.

With over 40 models and designs to suit virtually any environment, application, height, or table top size, we’ll have the perfect table solution for you.

AUTOMATIC STABILIZATION

FLAT Table Bases stabilize instantly. When the table moves, the feet sense the change and re-adjust automatically.

ALIGNMENT

FLAT Table Bases help users align adjoining table tops by simply lifting or tilting the tabletop edges to the required levels.

DESIGN INTEGRATION

Our technology and table bases are designed to integrate perfectly to ensure maximum performance.

ENGINEERED DURABILITY

All FLAT products are manufactured and quality-assured to the highest standards, resulting in exceptional products that you can depend on.

OUTPERFORMS

Our table bases are capable of adapting to a far greater variety of surface inconsistencies than traditional methods of stabilizing tables and deliver superior stability on uneven terrain.

ACCESSIBILITY

A number of our bases provide enhanced accessibility for disabled users and can help operators comply with local legislations.*

*Local disability legislation differs in different regions. Contact us to discuss which product configurations can make you compliant.

TABLE BASES | AUTO-ADJUST SERIES

SX26 ♦

A great solution for indoor or outdoor use. Available in a polished, black, or EP* gray finish. Lightweight and easily maneuverable, these bases stack together when service has finished to clear the area. Available in dining and bar heights.

FLIP TOP PLATE

Superior quality top plate—allows stacking of multiple tables for efficient storage.

ROD

Thicker structural tension rod to hold base together securely.

POST

Wider diameter of 65mm/2.56in for structural support with increased wall thickness.

ALUMINUM BASE

High-quality casting.

FLAT® TECHNOLOGY INSTALLED

The base and the technology are designed in unison to deliver superior performance and longevity.

SPECIFICATIONS

Material/Finish:	Polished Aluminum, EP* Gray, or Black Powder Coat
Base Span:	670mm/26in
Base Spread:	476mm/18.75in

DINING HEIGHT

Weight:	5.2kg/11.5lb (6.4kg/14.1lb incl optional weight)
Top Plate Size:	375mm/15in
Max Tabletop Size (Square):	800mm/32in
Max Tabletop Size (Round):	800mm/32in
Max Tabletop Weight:	10kg/22lb
Post/Column Width:	65mm/2.56in

BAR HEIGHT

Height:	1035mm/40.75in
Weight:	6.4kg/14.1lb 7.6kg/16.8lb (incl weight)
Max Tabletop Size (Square):	650mm/26in
Max Tabletop Size (Round):	750mm/30in
Max Tabletop Weight:	8kg/17.5lb
